

FAITH STUDY

I was always under the belief that the Bible was just stories passed down. Now I know of the integrity and validity. I am going to read my Bible now. —**Jodi, Crystal, MN**

The proof in history is such a powerful evidence that the Bible is true and God is real. —**Henry, Jordan, MN**

Don Bierle to speak at national conference in Ft. Lauderdale

Is creation a random series of events that resulted in the physical world as we know it? Or is it a perfect plan brought about by the intelligent design of a personal God? Don will address this question in "Articulating the Case for Creation" at Reclaiming America for Christ 2000, September 29 - October 1 in Fort Lauderdale, Florida.

Don will join a list of distinguished guests, including Dr. D. James Kennedy, Reggie White, and Rebecca St. James, for this annual event. The purpose of the conference is to mobilize and equip American Christians to fulfill their God-given responsibilities as citizens. Dr. Kennedy, founder of conference host Coral Ridge Ministries, says, "It is imperative that Christians answer the call to get involved in their communities." And that includes getting involved in how creation is taught and understood.

How do you say 'Faith Study' in Chinese?

Tired of reading *Surprised by Faith* in just English? How about Spanish...or Russian...or Mandarin Chinese? Faith Studies' main book may soon be published in one or more of these languages.

According to Faith Studies' foreign-rights agent, a major Taiwan Christian publisher is sending an offer to produce the book in Mandarin. As for Spanish, a U.S.-based publisher is seriously looking at adding the book to its line. And on the Russian front, two people with Russia ministry

contacts have lately offered to submit the book to key people.

Some of this activity has occurred because Faith Studies has received translated manuscripts in two languages. About two years ago, a missionary in China worked with Chinese believers to translate both *Surprised by Faith* and *The Owner's Manual* into Mandarin. One of those manuscripts appears to have borne fruit.
